

POWER YOUR KIBBLE WITH ALGAE-SOURCED OMEGA-3

Biosus™ Omega-3 PET gives you DHA straight from fermented microalgae, cutting out the long, volatile fish-oil supply chain. The result? A cleaner, more sustainable omega-3 ingredient that's easy to use, label-friendly, and delivers the health benefits pet parents demand.

Key Benefits

-  **Consistent Supply & Pricing:** indoor fermentation means no seasonality or catch-quota swings.
-  **Clean-Label Confidence:** algae-sourced, contaminant-free DHA supports “natural” label positioning.
-  **Shelf-Stable & Easy to Process:** free-flowing powder blends smoothly into kibble, treats, and toppers.
-  **Higher DHA Concentration:** up to 20%+ DHA for efficient inclusion rates and potent nutrition.
-  **Visible Pet Benefits:** supports skin & coat brilliance, cognitive development, joint and heart health—key claims that drive purchase.
-  **Sustainability Edge:** lower carbon footprint and reduced ocean impact help meet your ESG goals.

WE'RE HERE TO HELP.
